## Consider another EZ Switch!

You'll benefit greatly by switching from paper checks and auto debits to Westfield Bank's electronic Bill Pay

Here's how:

- **Pay everything online** – from your credit cards to your babysitter
- **Help prevent identity theft**  
Did you know that almost 85% of identity theft cases are due to lost checkbooks, check payments, and stolen bills and paper statements? Online bill payment helps prevent the chances of identity theft
- **Save time and money**  
The average consumer saves 2.5 minutes per bill by paying electronically instead of with a paper check. The costs of postage and paper can add up to more than \$100 per year; these costs are saved by making electronically payments.
- **Archived payment history**  
All electronic payments are archived for two years with bill pay, and payment history can be categorized online for convenient record keeping
- **Payments guaranteed on time**  
Manage your own payment schedule and we will guarantee prompt delivery of your payments. If it is late we pay your late fees.
- **Get e-bills delivered right to your bill pay account**  
Don't wait for your bill to arrive in the mail – have your bills delivered electronically right to your bill pay account and go green! An e-mail notification will be sent when your bill arrives for payment.

Westfield Bank makes it EZ to go green!

### Are you in the Top 20?

If an additional **20 percent of all American households** would switch to electronic bills, statements, and payments, the collective impact **per year** would be:

- Save **150,939,615** pounds of paper
- Save **1,811,275** trees
- Avoid creating enough wastewater to fill **2,180 Olympic-size** swimming pools
- Avoid filling **6,141 garbage trucks** with waste
- Avoid filling **8,597,328 household garbage bags** with waste
- Avoid producing **3,920,802,916 pounds (1,960,402 tons) of greenhouse gases**. This is the equivalent of:
  - Not driving 3,861,769,517 miles
  - Taking 325,722 cars off the road
  - The emissions avoided by not consuming 200 million gallons of gasoline
  - Planting 45.6 million tree seedlings and allowing them to grow for 10 years
  - Preserving 12,405 acres of forest from deforestation
