***Qualification Period is the time in which a customer must have had at least 1 ACH post and clear, 12 debit card purchases post and clear, and signed up and activated E-Statements. This must occur on or after the Begin date and finish no later than the End date.**

Accounts receive a **grace qualification period** from the opening date of the account (**NOT when funded, but when opened**) to that month's statement cut date. The next **Begin date** starts your obligation to qualify.
